## ABOUT ME

I am a frontend developer and I have been for 4 years now. I work with React, firebase, sanity to build projects. I am also a student in my 4th year in university studying Mechanical engineering

## WORK EXPERIENCE

### Mr Sheyi

Mid level | Employer

Akure, Nigeria

2023-02-01 | Currently working here

I specialize in teaching young children the fundamentals of HTML, CSS, and JavaScript, fostering their early interest in web development. My curriculum includes Scratch to enhance their logical thinking and creativity. Additionally, I introduce them to advanced concepts with React and Material-UI, preparing them for more complex web development projects.

## EDUCATION

### Federal University of Technology Akure

Degree | Undergraduate
